San Diego Community College District (the "District") is located entirely within San Diego County and consists of three two-year colleges and seven continuing education centers. All three colleges are fully accredited by the Accrediting Commission for the Community and Junior Colleges of the Western Association of Schools and Colleges, and Continuing Education is fully accredited by the Accrediting Commission for Schools (ACS) of the Western Association of Schools and Colleges (WASC).

The District is governed by a five member Board of Trustees. The five Trustees are elected in even-numbered years to four-year terms by the voters in the District. The boundaries of the District did not change during the year ended June 30, 2016.

On November 7, 2006, by majority election of the Districts' registered voters, \$870,000,000 in general obligation bonds ("Proposition N") were authorized to be issued and sold for the benefit of the District. Proceeds from the bonds are to be used for acquisition, construction, renovation, repair and modernization of certain District property and facilities and to refund or advance refund certain obligations of the District. The bonds were scheduled to be issued in four increments over a ten-year period.

Proposition N bonds were issued by the District, through the County of San Diego. On July 18, 2007, Series 2007 of the Proposition N bond authorization was issued, which consisted of current interest serial bonds, current interest term bonds and capital appreciation bonds with an initial par amount of \$224,996,823 with stated yield rates of 3.60% to 4.51% and maturing through August 1, 2032.

On July 7, 2011, Series 2011 of the Proposition N bond authorization was issued, which consisted of current interest serial bonds and current interest term bonds with an initial par amount of \$250,000,000 with stated yield rates of 0.27% to 4.86% and maturing through August 1, 2041.

On March 7, 2012, Series 2012, Refunding was issued, which consisted of serial bonds with an initial par amount of \$279,755,000 with stated yield rates of 0.18% to 3.10% and maturing through August 1, 2029. The Series 2012, Refunding retired \$313,830,000 of debt including \$46,360,000 of Series 2007 of the Proposition N bond authorization. As a result, approximately 14.8% of the debt service related to the Series 2012, Refunding is attributable to Proposition N.

On July 17, 2013, Series 2013 of the Proposition N bond authorization was issued, which consisted of current interest serial bonds, current interest term bonds, capital appreciation bonds and convertible capital appreciation bonds with an initial par amount of \$272,996,022 with stated yield rates of 0.20% to 6.23% and maturing through August 1, 2043.

Proposition N is a Proposition 39 bond. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability provisions. Specifically, the District must conduct an annual independent performance audit to ensure that funds have been expended only on the specific projects listed as well as an annual, independent financial audit of the proceeds from the sale of the bonds until all of the proceeds have been expended for facilities projects.

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
INTRODUCTION AND CITIZENS' OVERSIGHT COMMITTEE MEMBER LISTING, CONTINUED  
JUNE 30, 2016**

---

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 (Chapter 44, Statutes of 2000), was also enacted, which amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Proposition N including formation, composition and purpose of the Citizens' Oversight Committee, and authorization for injunctive relief against the improper expenditure of bond revenues.

The Citizens' Oversight Committee had the following members as of June 30, 2016, all of whom were appointed by the District's Board of Trustees with two year terms, with a maximum of three consecutive terms of office:

<b>Name</b>	<b>Title</b>	<b>Representation</b>	<b>Education Code Section</b>

### Report on the Financial Statements

We have audited the accompanying financial statements of the Proposition N Bond Building Fund of San Diego Community College District (the "Proposition N Bond Building Fund") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Proposition N Bond Building Fund's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

*Licensed by the California  
State Board of Accountancy*

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

As discussed in Note 1A, the financial statements present only the individual Proposition 39 Bond Building Fund, consisting of the net construction proceeds of the Proposition N general obligation bonds as issued by the District, through the County of San Diego, and are not intended to present fairly the financial position of the District in conformity with generally accepted accounting principles.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Proposition N Bond Building Fund of San Diego Community College District as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Proposition N Bond Building Fund's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2016 on our consideration of the Proposition N Bond Building Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Proposition N Bond Building Fund's internal control over financial reporting and compliance.

## **Report on Other Legal and Regulatory Requirements**

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated November 28, 2016 on our consideration of the Proposition N Bond Building Fund's compliance with the requirements of Proposition 39. That report is an integral part of our audit of the Proposition 39 Bond Building Fund for the Year Ended June 30, 2016 and should be considered in assessing the results of our financial audit.

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2016**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The San Diego Community College District (the “District”) serves approximately 100,000 students per semester and is governed by a five member Board of Trustees. The District currently operates San Diego City College, Miramar College, Mesa College and Continuing Education, which provide post-secondary instruction in an array of educational classes, programs and services. The colleges offer associate degrees in the arts and sciences, in addition, Continuing Education offers advanced and basic certificates of training.

On November 7, 2006, by majority election of the Districts’ registered voters, \$870,000,000 in general obligation bonds (“Proposition N”) were authorized to be issued and sold for the benefit of the District. Proceeds from the bonds are to be used for acquisition, construction, renovation, repair and modernization of certain District property and facilities and to refund or advance refund certain obligations of the District.

An oversight committee to the District’s Governing Board and Chancellor, called the Citizens’ Oversight Committee (COC), was established pursuant to the requirements of state law and the provisions of the Proposition N bonds. The COC is required by state law to actively review and report on the proper expenditure of taxpayers’ money for school construction. The COC provides oversight and advises the public whether the District is spending the Proposition N Bond funds for school capital improvements within the scope of projects outlined in the Proposition N Bond project list. In fulfilling its duties, the COC reviews, among other things, the District’s annual performance and financial audits of Proposition N activity.

The statements presented are for the individual Proposition N Bond Building Fund of the District, consisting of the net construction proceeds of the Proposition N general obligation bonds as issued by the District, through the County of San Diego, and are not intended to be a complete presentation of the District’s financial position or results of operations. There are no related parties or component units included in this financial statement presentation.

**B. Accounting Policies**

The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

**C. Basis of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. “Available” means collectible within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
NOTES TO FINANCIAL STATEMENTS, CONTINUED  
JUNE 30, 2016**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Encumbrances**

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

**E. Deposits and Investments**

In accordance with Education Code Sections 15357 and 41001, the District maintains its cash in the San Diego County Treasury. The county pools these funds with those of other local governmental agencies in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

**F. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**G. Budgets and Budgetary Accounting**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By state law, the District's governing board must adopt a budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's Governing Board satisfied these requirements.

These budgets are revised by the District's governing board to give consideration to unanticipated income and expenditures. Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**H. Fund Balance**

Under GASB Statement No. 54, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The fund balance in the Proposition N Bond Building Fund is considered restricted.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
NOTES TO FINANCIAL STATEMENTS, CONTINUED  
JUNE 30, 2016**

---

**NOTE 2 – CASH AND INVESTMENTS**

**Policies and Practices**

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations. Investments of debt proceeds held by trustees are governed by the provisions of debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities up to 30 years.

*Cash in County Treasury* – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District’s investment in the pool is reported in the accounting financial statements at amounts based upon the District’s pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

**General Authorizations**

The authority to invest District funds deposited with the County of San Diego is delegated to the County Treasurer and Tax Collector. The table below identifies examples of the investment types permitted in the investment policy:

<u>Authorized Investment Type</u>	<u>Maximum Remaining Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
Local Agency Bonds, Notes, Warrants	5 years	15%	5%
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	Unlimited	Unlimited
U.S. Agency Securities	5 years	Unlimited	35%
Banker’s Acceptance	180 days	40%	5%
Commercial Paper	270 days	40%	5%
Negotiable Certificates of Deposit	5 years	30%	5%
Repurchase Agreements	1 year	40%	10% or 15%
Reverse Repurchase Agreements	92 days	20% of base	10%
Medium-Term Corporate Notes	5 years	30%	5%
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	15%	10%
Mortgage Pass-Through Securities	5 years	20%	5%
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
NOTES TO FINANCIAL STATEMENTS, CONTINUED  
JUNE 30, 2016**

---

**NOTE 2 – CASH AND INVESTMENTS (continued)**

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are described below:

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The Proposition N Bond Building Fund's portion of the District's investment with the San Diego County Investment Pool has a fair value of \$61,426,023. The weighted average maturity for this pool as of June 30, 2016 is 310 days.

**Credit Risk**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Per the County's investment policy, the investments within the San Diego County Investment pool must maintain an overall Standard & Poor's credit rating of AAAf/S1 or higher.

**NOTE 3 – CONSTRUCTION COMMITMENTS**

As of June 30, 2016, the Proposition N Bond Building Fund had commitments with respect to unfinished capital projects amounting to approximately \$52,001,070.

**NOTE 4 – DUE TO OTHER DISTRICT FUNDS**

On occasion, other District funds pay for expenditures on behalf of the Bond Fund and are subsequently reimbursed by the Bond Fund. At June 30, 2016, the Bond Fund owed other District funds \$24,178,375 for expenditures made on its behalf.

**NOTE 5 – PROPOSITION N GENERAL OBLIGATION BONDS**

The District received authorization at an election held on November 7, 2006, by more than fifty-five percent of the votes cast by eligible voters within the District, to issue general obligation bonds not to exceed \$870,000,000 under Proposition 39. These bonds are issued in multiple series as general obligations of the District and therefore are not included in the accompanying financial statements. The following information is provided for purposes of additional analysis only.

**PROPOSITION N BOND BUILDING FUND  
SAN DIEGO COMMUNITY COLLEGE DISTRICT  
NOTES TO FINANCIAL STATEMENTS, CONTINUED  
JUNE 30, 2016**

**NOTE 5 – PROPOSITION N GENERAL OBLIGATION BONDS (continued)**

Schedule of changes in General Obligation Bonds for the year ended June 30, 2016 are as follows:

**OTHER INDEPENDENT  
AUDITORS' REPORTS**

---

---

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING  
STANDARDS

Christy White, CPA

Independent Auditors' Report

Michael Ash, CPA

Heather Rubio

Governing Board Members and  
Proposition N Citizens' Oversight Committee  
San Diego Community College District  
San Diego, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Proposition N Bond Building Fund, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Proposition N Bond Building Fund's basic financial statements, and have issued our report thereon dated November 28, 2016.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Proposition N Bond Building Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Proposition N Bond Building Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Proposition N Bond Building Fund's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

State Board of Accountancy*

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Proposition N Bond Building Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON PERFORMANCE

Christy White, CPA

Michael Ash, CPA

Heather Rubio

Governing Board Members and  
Proposition N Citizens' Oversight Committee  
San Diego Community College District  
San Diego, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the Proposition N Bond Building Fund, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Proposition N Bond Building Fund's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

*Licensed by the California  
State Board of Accountancy*

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In connection with our audit, we also performed an audit for compliance as required in the performance requirements for the Proposition N General Obligation Bonds for the Year Ended June 30, 2016. The objective of the examination of compliance applicable to the District is to determine with reasonable assurance that:

- The proceeds of the sale of the Proposition N Bonds were only used for the purposes set forth in the Proposition N ballot language and not for any other purpose, such as teacher and administrative salaries.

In performing our audit of compliance, we performed procedures including but not limited to those listed as follows:

<b>Internal Control Evaluation</b>
------------------------------------

**Procedures Performed:**

Inquiries were made of management regarding internal controls to:

- Prevent fraud or waste regarding Proposition N projects, including budgetary controls
- Ensure adequate separation of duties exists in the Fiscal Services Department for Proposition N funds
- Prevent material misstatements in the financial statements
- Ensure expenditures are allocated to the proper fund(s)
- To follow applicable regulations, including regulations related to bidding and contract management

We then performed substantive tests of financial statement balances to determine whether the controls designed by management were operating effectively, and to provide reasonable assurance that the fiscal year 2015-16 financial statement balances for the Proposition N Bond Building Fund are not materially misstated.

**Results of Procedures Performed:**

The result of our audit tests show that internal control procedures appear to be working to meet the financial and compliance objectives required by generally accepted accounting standards and applicable laws and regulations. An unmodified opinion was expressed on the financial statements.

## Facilities Site Walk

### **Procedures Performed:**

We performed site walks to verify that Proposition N funds expended for the Year Ended June 30, 2016 were for valid facilities acquisition and construction purposes. CWA toured multiple District Facility projects where work was completed or in progress 2015-16 fiscal year, including:

- Mesa College – the finished Bookstore, Café, Culinary Arts Kitchen and Dining Area
- Miramar College – Police Training Facility
- Miramar College – Black Mountain Rd. Entry Project
- Miramar College – Expansion of the Maintenance Facilities

### **Results of Procedures Performed:**

Results of the site walks indicate that the major 2015-16 Proposition N construction projects were successfully completed and closed out or advanced into 2016-17 construction phases where applicable.

## Test of Expenditures

### **Procedures Performed:**

The following performance tests of expenditures and transfers were performed:

We tested expenditures to determine whether Proposition N funds were spent solely on voter and Board approved school facilities projects (as set forth in the District's Facilities Master Plan and the Proposition N ballot measure language). The expenditure test included a sample totaling \$9.9 million. Expenditures sampled in our test included payments made to contractors, consultants and other vendors.

### **Results of Procedures Performed:**

We found the expenditures and transfers tested to be in compliance with the terms of the Proposition N ballot measure, Facilities Plan, and applicable state laws and regulations without exception.

<b>Test of Contracts and Bid Procedures</b>
---

**Procedures Performed:**

For the fiscal year ended June 30, 2016, we performed testing of five Proposition N contracts to determine compliance with District policy and Public Contract Code provisions related to contracting and bidding:

IO Environmental & Infrastructure, Inc.	Miramar College - Revitalization of Vernal Pools	\$ 1,062,059
SolPac Construction Inc. DBA Soltek Pacific Construction Company	Miramar College - Maintenance Facilities Expansion	\$ 2,674,000
PK Mechanical Systems	Miramar College - South Campus Improvement Project	\$ 1,650,000
South West Construction Services	Miramar College - Police Academy Training Facility	\$ 3,700,795
Fordyce Constuction Inc.	Miramar College - Black Mountain Entry Project	\$ 1,220,815

**Procedures Performed:**

We found that the contracts tested above for bidding procedures followed proper bidding procedures and were awarded to the lowest responsible and responsive bidder.

<b>Citizens' Oversight Committee</b>
--------------------------------------

**Procedures Performed:**

In accordance with AB 1908 (Assembly Bill) and Ed Code Section 15278, the District is required to establish a bond oversight committee for Prop 39 bonds including one active member from each of the following sectors: a business organization, senior citizens organization, bona fide taxpayers association, support and organization of the District, and one student. The COC is to meet pursuant to Education Code Section 15280.

**Results of Procedures Performed:**

In our review of the minutes of the Citizens' Oversight Committee for Proposition N, we found that meetings held during fiscal year 2015-16 were properly documented.

Our audit of compliance was made for the purposes set forth in the second and third paragraphs of this report and would not necessarily disclose all instances of noncompliance.

### **Opinion**

In our opinion, based on the fieldwork described above as well as the other tests that we conducted, the District complied with the compliance requirements for the Proposition N General Obligation Bonds as listed and tested above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on accountability requirements pursuant to the passage of Proposition 39 and the enactment of AB 1908 (Chapter 44, Statutes of 2000). Accordingly, this report is not suitable for any other purpose.
