

Drug Abuse and
Alcohol Prevention
Program (DAAPP)

2015/
2016

The San Diego Community College District
City, Mesa & Miramar Colleges and
Continuing Education

San Diego Community College District Drug Abuse and Alcohol Prevention Program (DAAPP)

The Drug-Free Schools and Communities Act and Drug and Alcohol Abuse Prevention Regulations (Education Department General Administrative Regulations [EDGAR]), specifies that no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless the institution certifies to the Secretary that the institution has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. In response, the San Diego Community College District (SDCCD) has adopted and implemented program and policies to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

The San Diego Community College District (San Diego City College, San Diego Mesa College, San Diego Miramar College and Continuing Education) is committed to providing a drug free environment. The institutions also prohibit the use of tobacco products and electronic delivery devices on campus or at college/district sponsored events. Any type of drug use, including alcohol, is dangerous and potentially life threatening. Drugs and alcohol adversely affect the body, mind and behavior. The effects vary from person to person and from usage to usage. Even low doses of drugs and alcohol can impair judgment and coordination. If you use drugs or alcohol, you risk overdose, accidents, dependence, ill health, as well as legal, financial and personal problems. The federal laws against drugs are divided into two categories: possession and distribution. The penalties are severe depending upon the type of drug, quantity of the drug, and any prior offenses. Possession will earn up to one year in prison and a \$5,000 fine. Distribution will earn up to life in prison and an \$8 million fine. State laws vary and may be more severe. (A complete list of Federal and State Penalties follows below).

District Policy 3100 - *Student Code of Conduct* - states that use, possession, or distribution of narcotics or other controlled substances is prohibited while on the college premises or at college-sponsored events. A student may be suspended or expelled for violation of this policy. Our detailed program follows.

Annual Notification:

An annual notification will be sent to all students and employees. The notification will include:

1. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees;
2. A description of appropriate legal sanctions for violation of local, state, or federal laws for the unlawful possession or distribution of illicit drugs and alcohol;
3. A description of the health risks associated with the abuse of illicit drugs or alcohol use.
4. A list of drug and alcohol programs (counseling, treatment, rehabilitation, and re-entry) that are available to employees or students;
5. A clear statement that the IHE will impose disciplinary sanctions on students and employees for violations of the standards of conduct and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution.

In addition to the required notifications, the San Diego Community Colleges will provide and display information on the district's Drug and Alcohol Abuse Prevention Program for ALL students, faculty and staff to view as follows:

- Posters
- Class Schedules
- College Catalogs
- Online Educational Workshops
- Digital Screens around college and continuing education campuses

I. Standards of Conduct

Employees:

The unlawful possession, purchase, manufacture, use, sale or distribution of illicit drugs and alcohol by employees on college/district property or at any of its activities is prohibited. SDCCD will impose sanctions, consistent with local, State, and Federal law, for violations of SDCCD alcohol and drug policies as stated in college policies or employee handbooks/manuals. Disciplinary action may include corrective discipline, counseling, (faculty) reassignment, verbal warnings, documented warnings, probation, suspension with or without pay, and discharge for employees and/or referral to local law enforcement for prosecution.

If an employee is convicted of violating criminal laws concerning alcohol or drugs, in addition to civil action, the employee may be subject to termination. Legal sanctions may include classes, community service, fines, prison terms, loss of driving privileges, and mandated rehabilitation programs. In addition, failure to disclose previous convictions on a job application is grounds for termination.

SDCCD supports the laws and regulations of the United States of America, the State of California, San Diego County, and the City of San Diego as well as the counties and cities in which our outreach sites are located. Each student and employee is expected to do the same. Applicable legal sanctions under state, local, and federal law can include: forfeiture of personal property and real estate, fines, revocation of driver's license, probation, parole, imprisonment, mandatory minimum sentences, and deportation for non-US citizens.

For further information, refer to Administrative Procedure, 4115.1, Controlled Substance Abuse in The Workplace at: <http://www.sdccd.edu/public/district/policies> Then click on the Human Resources link.

Supervisors:

The San Diego Community College District Human Resource Department has developed BE1900 HR Guideline for the reasonable suspicion for drug testing when an employee is identified by his/her immediate supervisor as showing suspicious behavior.

Students:

Students are expected to comply with local and state laws pertaining to alcoholic beverages, controlled substances and illegal drugs. In addition, the manufacture, distribution, sale, possession, consumption, use or transportation of alcoholic beverages, controlled substances and illegal drugs and/or possession of drug paraphernalia by any student on college or district

property, at any college or district-sponsored student activity, or at SDCCD approved classes, field trips or activities off campus shall be strictly prohibited. This includes possession of alcoholic beverage containers.

No student shall be in an intoxicated condition, which may be evidenced by disorderly, obscene or indecent conduct or appearance, while on campus or at a college or district approved event off campus. No student shall furnish or cause to be furnished any alcoholic beverage to any person under the legal drinking age. California under-age drinking laws will be enforced through judicial referrals and, or reporting incidents to the SDCCD police department.

SDCCD will impose sanctions, consistent with local, State, and Federal law, for violations of SDCCD alcohol and drug policies and the Student Code of Conduct. Sanctions may include a verbal warning, written warning, loss of privileges, probation, suspension, expulsion from facilities and/or campus, or imposition of a lesser sanction. Sanctions may also include classes, community service, referrals for appropriate counseling and/or referral to SDCCD police department and or local law enforcement for prosecution. If a student is convicted of violating criminal laws regarding alcohol or drugs, they may be subject to civil action. Legal sanctions may include classes, community service, fines, prison terms, loss of driving privileges, and mandated rehabilitation programs. For further information please review Board Policy 3100, Section 3, Student Code of Conduct, sub-section(s) q, r & s at: <http://www.sdccd.edu/public/district/policies>, then click on the Student Services link.

In addition, College Policies on Drug and Alcohol Use can be found at: http://www.sdccdonline.net/students/resources/College_Policies.pdf

The following sections of the Student Code of Conduct pertain directly to Drug & Alcohol use, sale and possession:

- Participating in activities which are in violation of federal, state, or local laws or ordinances while on district premises or at district-sponsored or supervised activities.
- Use, possession, distribution, or sale of alcoholic beverages on campus except as permitted by law.
- Use, possession, distribution, manufacture or sale of narcotics or other hallucinogenic drugs or substances or inhaling or breathing the fumes of, or ingesting, any poison classified as such by the California Business and Professions Code Section 4160, Schedule "D," except as provided by law, is prohibited when on district premises.

The college will impose disciplinary sanctions on students who violate the Student Code of Conduct. See procedure 3100.2

Note: A full version of Board Policy 3100 – Students Rights, Responsibilities, Campus Safety and Administrative Due Process can be found at: <http://www.sdccd.edu/public/district/policies>, then click on the Student Services link.

III. Health Risks

Alcohol and drugs are toxic to the human body. Substance abuse may result in a wide array of serious health and behavioral problems and has both long and short-term effects on the body and the mind. In addition to the problem of toxicity, contaminant poisonings often occur with illegal drug use. HIV infection with intravenous drug use is a prevalent hazard.

Acute health problems may include heart attack, stroke, and sudden death, which can occur for first-time cocaine users. Long lasting effects caused by drug and alcohol abuse can cause problems such as disruption of normal heart rhythm, high blood pressure, leaks of blood vessels in the brain, bleeding and destruction of brain cells, possible memory loss, infertility, impotency, immune system impairment, kidney failure, cirrhosis of the liver and pulmonary damage. Drug use during pregnancy may result in fetal damage and birth defects causing hyperactivity, neurological abnormalities, and developmental difficulties. Additional health risks can include:

<u>Substance</u>	<u>Some Possible Long-Term Effects</u>
Alcohol	<i>toxic psychosis, physical dependence, neurological and liver damage, fetal alcohol syndrome, impaired judgment</i>
Amphetamines <i>uppers, speed, crank</i>	<i>loss of appetite, delusions, hallucinations, heart problems, hypertension, irritability, insomnia, toxic psychosis, rebound depression</i>
Barbiturates <i>barbs, bluebirds, blues</i>	<i>severe withdrawal symptoms, possible convulsions, toxic psychosis, depression, physical dependence, impaired judgment</i>
Benzodiazepines (Valium, Xanax, Ativan, Dalmane, Rohypnol) <i>benzos, downers, sleepers, tranqs, roofies</i>	<i>impaired judgment, sedation, panic reaction, seizures, psychological dependence, physical dependence</i>
Cocaine & Cocaine <i>freebase coke, crack</i>	<i>loss of appetite, depression, weight loss, seizure, heart attack, stroke, hypertension, psychosis, chronic cough, nasal passage injury, hallucinations</i>
Codeine	<i>physical dependence, constipation, loss of appetite, lethargy, respiratory depression</i>
Heroin <i>H, junk, smack</i>	<i>physical dependence, constipation, loss of appetite, lethargy, respiratory depression</i>
Inhalants <i>ames, gas, laughing gas, poppers, snappers</i>	<i>psychological dependence, psychotic reactions, confusion, frozen airway, sudden death</i>
LSD <i>acid</i>	<i>may intensify existing psychosis, panic reactions, can interfere with psychological adjustment and social functioning, insomnia, flashbacks</i>
MDA, MDMA, MOMA <i>ecstasy, xtc</i>	<i>same as LSD, sleeplessness, nausea, confusion, increased blood pressure, sweating, paranoia</i>

<u>Substance</u>	<u>Some Possible Long-Term Effects</u>
Marijuana (cannabis) <i>pot, grass, dope, weed, joints</i>	<i>bronchitis, conjunctivitis, mood swings, paranoia, lethargy, impaired concentration</i>
Mescaline (peyote cactus) <i>mesc, peyote</i>	<i>may intensify existing psychosis, hallucinations at high dose</i>
Methamphetamine <i>meth, crystal, chalk, ice</i>	<i>increased wakefulness, increased physical activity, decreased appetite, increased respiration, rapid heart rate, irregular heartbeat, increased blood pressure, and increased body temperature</i>
Methaqualone <i>ludes</i>	<i>coma, convulsions</i>
Morphine <i>M, morf</i>	<i>physical dependence, constipation, loss of appetite, lethargy</i>
PCP <i>crystal, tea, angel dust</i>	<i>psychotic behavior, violent acts, psychosis, hallucinations at high dose</i>
Psilocybin <i>magic mushrooms, shrooms</i>	<i>may intensify existing psychosis</i>
Steroids <i>roids, juice</i>	<i>cholesterol imbalance, acne, baldness, anger management problems, masculinization of women, breast enlargement in men, premature fusion of long bones preventing attainment of normal height, atrophy of reproductive organs, impotence, reduced fertility, stroke, hypertension, congestive heart failure, liver damage, depression</i>

For a detailed list of Health Risks derived from illegal Drug Use go to Student Web Services at: http://studentweb.sdccd.edu/docs/Drug_Use_Abuse_Prevention.pdf

Listed below are additional Health Risks due to Alcohol Abuse

A. Alcohol Abuse

- Known health risks include increased risk of injuries, violence, fetal damage (in pregnant women), depression, neurologic deficits, hypertension, liver and heart disease, addiction and fatal overdose.
- *Alcohol affects every organ in the drinker's body and can damage a developing fetus. Intoxication can impair brain function and motor skills; heavy use can increase risk of certain cancers, stroke, and liver disease. Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to alcoholism, is a pattern of drinking that result in harm to one's health, interpersonal relationships, or ability to work.*

Student-Athlete Drug Use Testing Policy:

The San Diego Community College District is a participant within the California Community College Athletic Association (CCCAA). The CCCAA does not employ a drug use testing policy. However, each student-athlete completes a Student Eligibility Report which carries sanctions specifically for student-athletes, which states: ***The use or possession of any drugs, alcohol or tobacco will result in ejection from that contest and suspension from the next two contests.*** Additionally, each of our student-athletes are actual students enrolled in the San Diego Community College District and are held accountable to district Drug and Alcohol Policies as noted above.

V. Consequences for Violations

Students:

- Administrative Procedure 3100.2 – Student Disciplinary Procedures

Possible Disciplinary Sanctions:

- Reprimand - A written notice by the Disciplinary Officer of violation of the Student Code of Conduct. A reprimand may include the possibility of more severe disciplinary sanctions in the event of future infractions of the Student Code of Conduct;

- Community service or other educational sanctions;
- Disciplinary Probation - Formal written notice by the Disciplinary Officer of violation of the *Student Code of Conduct* which may include exclusion from participation in specified privileges for a period of time not exceeding one (1) calendar year, including conditions that must be met while on probation. Further violation of the *Student Code of Conduct* will result in more severe sanctions;
- Restitution - Formal action by the Disciplinary Officer to require reimbursement for damage to or misappropriation of property. This may take the form of appropriate service or other compensation;
- Removal from Class - Exclusion of a student by an instructor from a class for the day of an offense and/or the next class meeting. An instructor removing a student from class shall make a written report using the *Faculty Removal of Disruptive Student from Class* form. After-the-fact review by the President/designee shall be effective if the student alleges in writing that an instructor has abused his/her administrative discretion. In accordance with *AP 3110.1, College Class Attendance*, absences pursuant to this definition shall be counted as excused and make-up assignments shall be at the discretion of the instructor;
- Suspension - Action by the President to exclude from all colleges, campuses, sites, programs and activities in the district for a definite period of time. This action shall be posted on the permanent record, but shall not be reflected on the academic transcript. This does not prohibit, where an immediate suspension is required in order to protect lives or property and to insure the maintenance of order, interim suspension pending a hearing, provided that a reasonable opportunity be afforded the suspended person for a hearing within ten (10) days;
- Expulsion - Action by the Board of Trustees to terminate student status in the district indefinitely. The Board may expel a student for good cause when other means of correction fail to bring about proper conduct, or when the presence of the student causes a continuing danger to the physical safety of the student or others;

Employees:

- Reasonable Suspicion Drug Testing (Document housed in HR)
- Administrative Procedure 4115.1 – Controlled Substance Abuse in the Workplace, accessible at: <http://www.sdccd.edu/public/district/policies> (Then click on the Human Resources link)
- Subject to Legal Sanctions under State, Federal and Local laws.

VI. Notification of the Drug Abuse & Alcohol Prevention Program (DAAPP)

The district will broadly distribute information about the Drug Abuse & Alcohol Prevention Program to all students and employees as follows:

Students:

- Send initial email blast at CENSUS to all current students w/ email address on file;
- Bulk mailers will be sent at CENSUS to all current students w/invalid, or no email address on file;

- Distribute brochures in Counseling Office at time of appointments;
- Auto-emails will be sent to new and returning students at time of registration;
- Auto-mailers will be sent to new and returning students w/invalid or no email address at time of registration;
- Display notification on registration website with an acknowledgement check box that information has been read;
- Distribute brochures in Counseling Office at time of appointment, or at Orientation Sessions.
- Continuous notification to students who apply/register AFTER the CENSUS notifications are released
 - Auto-email at time of mid-term registration
 - Auto-mailer at time of mid-term registration to students w/invalid, or no email address

Employees:

- New employees are required to view and acknowledge receipt of notification through Equifax
- All current employees will be notified by email blast
- Utilization of the District’s new Communication device, Newscenter
- Once implemented, PeopleAdmin will be used for current employees

VII. Biennial Review Committee

The Biennial Review of the Drug and Alcohol Abuse Prevention Program and Policies determines program effectiveness and consistency of policy enforcement, as well as identifies and implements changes when appropriate. Additionally, the Biennial Review ensures that the campuses enforce the disciplinary sanctions for violating standards of conduct consistently.

The Biennial Review Committee is comprised of campus-wide representation, which includes: Vice Chancellor of Student Services, Vice Chancellor of Human Resources, Dean of Student Affairs from each institution, Director of Employee Relations, Vice-Presidents of Student Services from each institution, Risk Manager, Director of Mental Health or Health Services, Faculty Representation, College Police designee and a Student Representative selected by the United Student Council (USC). This Committee meets bi-monthly and is responsible to work on the planning stages of the [next] review on an on-going basis. Additionally, the Committee reviews and updates the Drug-Free Campus Policies with the campus community as needed. This committee is appointed at the Cabinet Level and has Cabinet Representation to oversee the Committee review.

Responsibilities of the Committee include, but are not limited to, coordination of information required in the DAAPP, updates to the DAAPP, coordination of the annual notification to employees and students and the Biennial Review Report.
