**Project Features**

The San Diego College of Continuing Education Educational Cultural Complex Ceramics Renovation Project will convert existing spaces into a new ceramics studio which will enhance student learning, safety and program capacity. The project scope includes:

- Clay preparation with mixers and pugmills
- Dedicated wheel throwing area
- Humid storage with controlled drying environments
- Electric and gas kiln areas with proper ventilation
- Glazing stations with chemical safety controls
- Display space, student storage lockers, and an instruction zone with demonstration tables, and smartboard technology
- Environmental features include HEPA filtration systems, integrated wet/dry vacuum systems, and upgraded air conditioning to maintain optimal comfort.
