**PERKINS V
COMPREHENSIVE LOCAL NEEDS
ASSESSMENT (CLNA)
REPORTING FRAMEWORK**

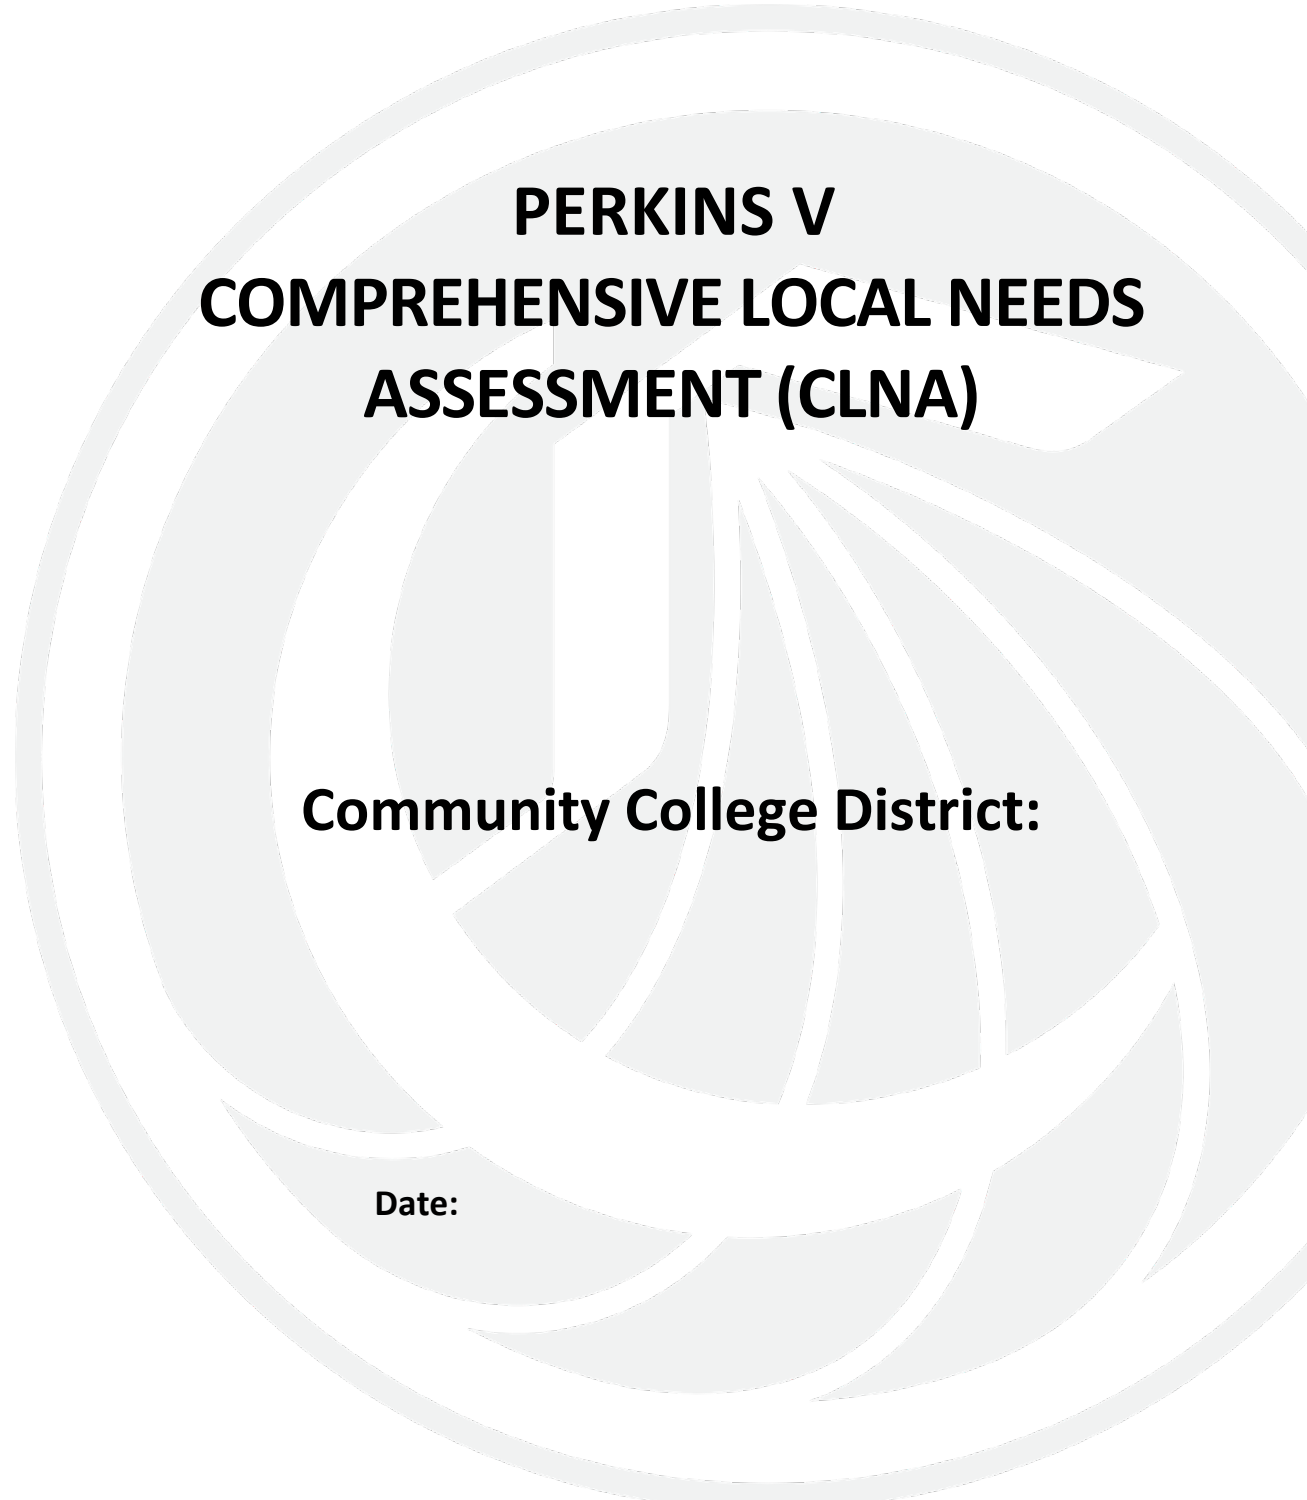

To be submitted with the 2022-2023 Local Application

www.cccco.edu

Introduction

The purpose of this document is to assist Perkins V recipients in preparing the content of the Comprehensive Local Needs Assessment (CLNA). One of the most significant changes introduced in the Strengthening Career and Technical Education for the 21st Century Act (Perkins V) is the introduction of the CLNA that requires data-driven decision-making on local spending. This process involves a wide group of stakeholders, reviewing a number of elements including student performance data, program quality, labor market needs, educator development and special populations' access to programs.

The goal of a needs assessment is to help educators identify, understand, and prioritize the needs that districts and schools must address to improve performance. Identifying priority needs is the first in a series of closely tied steps that also include understanding root causes that contribute to the areas of need, selecting evidence-based strategies that address those areas, preparing for and implementing selected strategies, and evaluating whether those strategies are addressing improvement needs and achieving desired results. The following pages contain information that will help LEAs understand and develop a needs assessment.

Executive Summary

NOTE: Required supporting documents used in the needs assessment must be available on file for review during monitoring visits or upon request. Evidence of stakeholder engagement would include such documentation as meeting agendas, notes, and list of participants (names, Institution, title, phone and email).

Directions: Complete this section after all other sections.

Summarize the specific insight gained in the needs assessment related to each required element (below).

1. **Element #1: Student Performance on Required Performance Indicators (Disaggregated)**
2. **Element #2: Program Size, Scope, and Quality to meet the needs of all Students**
3. **Element #3: Progress towards Implementation of CTE Programs of Study**

Section 1: What the Perkins V law says about stakeholders in the needs assessment process

In conducting the comprehensive local needs assessment under subsection 134(c), and developing the local application described in subsection 134(b), an eligible recipient shall involve a diverse body of stakeholders, including, at a minimum—

- a. representatives of career and technical education programs in a local educational agency or educational service agency, including teachers, career guidance and academic counselors, principals and other school leaders, administrators, and specialized instructional support personnel and paraprofessionals;
- b. representatives of career and technical education programs at postsecondary educational institutions, including faculty and administrators;
- c. representatives of the State board or local workforce development boards and a range of local or regional businesses or industries;
- d. parents and students;
- e. representatives of special populations¹;
- f. representatives of regional or local agencies serving out-of-school youth, homeless children and youth, and at-risk youth (as defined in section 1432 of the Elementary and Secondary Education Act of 1965);
- g. Representatives of Indian Tribes and Tribal organizations in the State, where applicable; and any other stakeholders that the eligible agency may require the eligible recipient to consult.

1.1 Please indicate the key stakeholders (individuals and groups) involved in the completion of this needs assessment:

1.2 List, by name (and optional links to), any other stakeholder groups consulted with (but not directly involved) in the completion of the needs assessment:

1.3 Summarize the key stakeholder feedback

NOTE: Evidence of stakeholder engagement would include such documentation as meeting agendas and notes.

NOTE: California Secondary and Postsecondary education systems are working to develop reporting tools that will provide Perkins V postsecondary participants, concentrators, and each performance indicator disaggregated by special populations and reporting cluster. Your college's program review data may also be a good supplemental data source. Although you will have access to all data, some disaggregation may result in small cell sizes that can be considered private data. **Please exercise caution to ensure no private data is reported in the needs assessment because these documents will be publicly available.**

Strategies/Action Steps

Direction: Determine the Strategies/Action Steps to Reach the Goal of Element #1: Student Performance. We recommend no more than three strategies under this element. (One sheet per strategy). You may use Appendix B.

Section 3: Needs Assessment Element #2

Program Size, Scope, and Quality to meet the needs of all Students

California defines size, scope and quality as follows:

- **Size:** Parameters/resources that affect whether the program can adequately address student-learning outcomes.
- **Scope:** Programs of Study are part of or working toward inclusion within a clearly defined career pathway with multiple entry and exit points.
- **Quality:** A program must meet two out of the following three criteria: the program develops (1) high skilled individuals, (2) individuals who are competitive for high wage jobs, and (3) individuals who are trained for in-demand occupations.
 - **High-skilled:** Programs that result in industry-recognized certificates, credentials, or degrees.
 - **High-wage:** High-wage is anything that is above the median wage for all occupations
 - **In-demand:** Occupations that are identified in the [Occupation in Demand](#) index and/or through comprehensive local needs assessment.

For each program to be considered funded for FY 22-23, provide the following:

Use the following questions to develop an ongoing strategy, process, or mechanism to ensure this need assessment is used, with fidelity, to inform local and regional planning and decision-making.

1. What went well in your CLNA process?

2. What could have been done differently to achieve better results?

3. What individual or groups were invited but did not participate? Why did they not participate? What future steps will you take to engage them?

4. What other initiatives can be leveraged and aligned across sectors to make this work successful?

5. How will you build connections to and through those other initiatives?

6. On what established schedule will you continue to meet and work together?

7. How will you demonstrate collective commitment to on-going engagement in this work?
