

## Regional Consortium Program Recommendations January 2023 Update

### San Diego City College

Two (2) program modifications submitted. Both modifications were endorsed by the Deans Council. Based on submitted labor market information, both programs were not recommended by the Centers of Excellence (COE). COE comments are noted below.

- **Small Business Management, CoA - Modification**
  - COE Comments: San Diego City College submitted the appropriate LMI from the COE. The COE does not recommend developing a \*new\* program for these occupations because 1) there is an estimated oversupply in the region and 2) a large number of institutions train for these occupations. Colleges should also note that employers typically require a bachelor's degree as the minimum educational requirement for these occupations. However, because the program is a modification and includes an entrepreneurial component, the COE defers to the region.
- **Small Business Management, AS – Modification**
  - COE Comments: San Diego City College submitted the appropriate LMI from the COE. The COE does not recommend developing a \*new\* program for these occupations because 1) there is an estimated oversupply in the region and 2) a large number of institutions train for these occupations. Colleges should also note that employers typically require a bachelor's degree as the minimum educational requirement for these occupations. However, because the program is a modification and includes an entrepreneurial component, the COE defers to the region.

### San Diego Mesa College

No programs submitted for regional recommendation.

### San Diego Miramar College

No programs submitted for regional recommendation.
