Reminders:

- Official MIS reporting is unduplicated by College. If the student is identified as participating in more than one type of work-based learning during the reporting term, report the first applicable code (A through C). *Example: If a student participates in a WBL activities within the A, B, and C categories, they are only recorded as A.*
- MIS Code Definitions:
 - **A** - Student participated in work-based learning preparing the student for employment in a specific range of occupations, such as internships, work experience, and capstone projects
 - **B** - Student participated in work-based learning allowing the student to apply learning through practical experience and interaction with professionals from industry and the community outside of school, such as job shadows, service learning, class projects or challenges, and mentorships
 - **C** - Student participated in work-based learning allowing the student to build awareness of the variety of careers available, begin identifying areas of interest, and explore career options, such as guest speakers, company tours, field trips, career fairs, and mock interviews
 - **N** – Student did not participate in Work-Based Learning
 - **X** – Unknown / Unreported

6) Do any Spring 2023 SG21 section codes need to be audited?
