SAN DIEGO COMMUNITY COLLEGE DISTRICT

Dr. Carlos O. Turner Cortez
Chancellor

We welcome you to City, Mesa, and Miramar colleges, the three credit-granting institutions of the San Diego Community College District. All three colleges are among the top-quality colleges in California and the nation. We offer associate degrees, certificates, and a bachelor's degree in occupational programs that prepare students for transfer to four-year colleges and entry-level jobs.

During difficult economic times brought on by the evolving COVID-19 pandemic, a community college education can be an important step in positioning yourself for a successful future. Because of the excellence of our faculty, small class sizes, and the personal attention that is provided, our students achieve their goals of employment or high academic performance when they transfer.

Given the current educational landscape, we recognize that some students may need access to a laptop, wifi, or other equipment. You are encouraged to contact your college of record to see what resources might be available, including possible emergency assistance.

Registering early for classes is essential in order to increase the likelihood of getting the classes you need. Don't wait until the end of the registration time period!

In addition to the for-credit courses offered at the District's three colleges, the San Diego College of Continuing Education offers free adult education classes in a variety of program areas.

We applaud your desire to improve your skills and wish you every success in your academic life.

(If waitlisted, monitor your status and/or email your instructor and request a **PERMISSION NUMBER** at the start of class.)

3. **Orientation** provides information about the programs and services available at the college as well as strategies for student success. Please verify your level of **Assessment (Milestones in mySDCCD)**: Reading, writing, ELAC, and mathematics assessments help students enroll in the right courses aligned with their educational pathway, as well as meet prerequisites for other courses. Students should **meet with a counselor** to complete an Education Plan and develop a strategy for success by taking the correct classes.

Welcome to San Diego Mesa College – The Leading College of Equity and Excellence!

We are back!!! Well, we are back for many of our courses, and continue to offer much of our schedule in a remote format. Expect during the Fall semester to be able to access important

spaces on campus as we safely reopen based on guidelines governing higher education. Mesa College is offering a wide variety of classes this Fall to meet your academic and career needs – we are really looking forward to seeing more of you in person, and we are committed to delivering courses and services in safe, effective and inclusive ways for everyone.

As San Diego's leading transfer institution, we offer multiple competitive degree and certificate options that are transferable, specifically to the UC and CSU systems. We offer over 30 two-year degree career education programs designed to get you immediately employed at a great wage, including Business, GIS, Multi-media, Computer Science, Accounting, Fashion, Personal Training, Culinary and Hospitality, Fermentation Science, Physical Therapy, Radiologic Technology, and Dental and Medical Assisting. Mesa is also proud to offer a Bachelor's in Health Information Management.

While in-person courses will be somewhat limited this Fall, we also take pride in our vibrant campus life atmosphere. Mesa College has dozens of student clubs, honors societies, and offers 19 men's and women's sports. We have an abundance of student services that can assist you on your academic journey, including educational and career counseling, tutoring, health services, financial aid, and a food and clothing pantry. You can access these in our remote format as we continue to transition back to our campus.

If you are a new or returning student, and want to start out strong, attend our **C.R.U.I.S.E.** Orientation Program this summer. **C.R.U.I.S.E.** is a FREE academic enrichment program – for incoming students of all ages – that offers a head start on college life and academic success. I encourage all new students to apply at www.sdmesa.edu/CRUISE.

This is a great time to start something new, or pick up where you left off. Mesa College is here to support you, and to provide a great learning experience whatever your goals may be. We hope to see you soon.

Sincerely,

Pamela T. Luster

Welcome to Miramar College

On behalf of the faculty and staff at San Diego Miramar College, I am pleased to welcome you to the Fall 2021 term!

As we round the corner as it pertains to the pandemic, we want to make certain it is safe for faculty, staff and students to return to campus.

Recently, we surveyed our students and employees and discovered that a large portion of respondents still wish to take and/or teach classes remotely for a variety of reasons. Miramar College continues to abide by the safety guidelines put forth by the County of San Diego, the State of California and the San Diego Community College District. While restrictions have recently been lifted throughout the state, we have decided as a district, out of an abundance of caution, to offer roughly a third of our fall 2021 classes on campus. The rest will be offered online or in a hybrid modality. We also expect to have limited on campus services return in the fall as well.

Let me assure you that over the past 13 months we have conducted several on campus classes, and with safety protocols in place, I am happy to report that we did not have a single case of COVID-19 transmission on campus.

As of June 2021, San Diego Community College District (SDCCD) will require all new and returning students to present proof of COVID-19 vaccination if attending any in-person activity (including in-person exams) or class for the Fall 2021 semester. Looking ahead, we know that widespread vaccination will facilitate a return to in-person instruction and activities.

Vaccination is not required for students enrolled exclusively in online courses and/or those who do not come on campus; however, SDCCD strongly encourages all members of the district community to be vaccinated. We believe adding COVID-19 vaccination requirements will help accelerate the number of available in-person course offerings and on-campus activities.

This continues to be an uncertain time for all, and we appreciate your support as we continue to navigate through this pandemic. SDCCD will continue to monitor the situation and may make updates to our COVID-19 prevention measures as more information becomes available.

Priority registration for fall began June 24 with open enrollment beginning July 19. Classes begin August 23. For new students, make sure you have submitted an application at <https://apply.sdccd.edu>. In order to better serve our students, we constantly monitor our class offerings based on student demand. When class sections fill up rapidly, we open extra sections that may not appear in the printed class schedule. Therefore, I remind you to log on to myportal.sdccd.edu to find the most up to date Fall 2021 schedule.

All the information you need to navigate a successful and safe Fall 2021 term can also be found on our website -sdmiramar.edu.

Sincerely,

Wes Lundburg

Student Success

Humberto Perez

Humberto Perez, 29, completed San Diego College of Continuing Education's Auto Body and Paint Technician program in 2010. Last year he returned to Sdcce to study Automotive Upholstery and earn two more certificates.

"In the real world, a job advertisement is only looking for a Mechanic or a Body Painter, so as a certified Technician I am experienced in many areas and I can ask for better pay." Following Sdcce, Humberto will transition to San Diego Miramar College to continue his education and will begin creating his own auto shop; building vehicles and doing custom work.

Student Success

Lavette Arciga

Lavette Arciga worked in the food service industry for eight years but found it difficult to advance without a high school diploma. While enrolled in San Diego College of Continuing Education's (SDCCE,'s) free Accelerated High School Program completion classes, Lavette was selected as a San Diego Promise student. She earned her diploma at Sdcce and transitioned to San Diego City College.

Pathways to Success

Young adults ages 18-24 who did not finish school, and who are not currently working, can connect with the San Diego Gateway to College and Career for help deciding on a career, next steps, and to find the help they need to succeed. As a first class, students participate in a Career and College Readiness course that assists students with learning more about themselves and their working styles, all while building skills needed to do well in classes, college and life.

Are you highly motivated and seeking an exceptional learning experience?

Then the Honors Program is for you!

NOTE: The Honors Program is available only in full term courses (15 weeks minimum) during fall and spring semesters (not summer). Fall 2021 COVID-19 Update: Due to campus closures, Honors contracts and courses will be accepted online.

Benefits of Honors

- Discover transfer agreements and special relationships with UCLA, UCI, UC Berkeley, SDSU, USD, Mills College, Pomona College, and more
- Get the Honors designation on your transcript
- Explore leadership opportunities
- Gain access to additional resources, such as university libraries
- Take courses taught from a global perspective
- Get career experience through internships or volunteer work
- Build a support network in a field you want to enter
- Investigate a subject you enjoy in greater depth
- Work closely with your professors
- Prepare for the rigorous demands of upper division coursework at a university

Honors Courses and Contracts

There are a range of Honors courses offered in the Fall and Spring semesters. Honors Contracts are individual agreements between a student and the instructor that enable the student to do Honors-level work and receive Honors credit for a regular course, providing flexibility in scheduling.

Interested in developing an Honors Contract?

- The Contract specifies honors-level objectives and tasks to be completed by the student in addition to regular course objectives. Instructors will provide students with a new honors syllabus specifying those objectives/tasks.

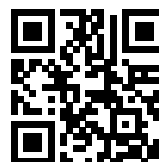

Program Eligibility

The Honors Program is open to all students. To join, contact your campus honors coordinators.

Honors Scholarships

If you enroll in an honors class or an Honors Contract, you may be eligible to apply for an Honors Scholarship.
