SAN DIEGO COMMUNITY COLLEGE DISTRICT

Dr. Constance M. Carroll
Chancellor

We welcome you to City, Mesa, and Miramar colleges, the three credit-granting institutions of the San Diego Community College District. All three colleges are among the top-quality colleges in California and the nation. We offer associate degrees, certificates, and a bachelor's degree in occupational programs that prepare students for transfer to four-year colleges and entry-level jobs.

During difficult economic times brought on by the evolving COVID-19 pandemic, a community college education can be an important step in positioning yourself for a successful future. Because of the excellence of our faculty, small class sizes, and the personal attention that is provided, our students achieve their goals of employment or high academic performance when they transfer.

Given the current educational landscape, we recognize that some students may need access to a laptop, wifi, or other equipment. You are encouraged to contact your college of record to see what resources might be available, including possible emergency assistance.

Registering early for classes is essential in order to increase the likelihood of getting the classes you need. Don't wait until the end of the registration time period!

In addition to the for-credit courses offered at the District's three colleges, the San Diego College of Continuing Education offers free adult education classes in a variety of program areas.

We applaud your desire to improve your skills and wish you every success in your academic life.

Welcome to Miramar College

On behalf of the faculty and staff at San Diego Miramar College, I am pleased to welcome you to the Summer 2021 term!

Once again the pandemic is impacting how we deliver our classes and services to our students and the community. We are still

evaluating when it is safe to return to campus. Miramar College continues to abide by the safety guidelines put forth by the County of San Diego, the State of California and the San Diego Community College District. We can't wait to see your smiling faces back on campus, but only when it is safe to do so.

Therefore, Summer 2021 classes will be offered primarily online with the exception of some classes in EMT, Exercise Sciences, and MLTT lab courses. Presently, we plan to offer 21 in-person courses. This summer we are offering several flexible start dates. The first 8-week session starts June 7. The second 8-week session starts June 21. However, we also offer 6-week courses that also begin in June. The Summer term ends August 14.

Priority registration for summer begins May 4 with open enrollment beginning May 17. Priority registration can be obtained by applying at <https://apply.sdccd.edu>. For new students, make sure you have submitted an application as soon as possible to secure a registration appointment. In order to better serve our students, we are constantly monitoring our class offerings based on student demand. When class sections fill up rapidly, we open extra sections that may not appear in the printed class schedule. Therefore, I remind you to log on to <http://myportal.sdccd.edu> to find the most up to date Summer 2021 schedule. Remember to select the following: Summer 2021, Miramar College, subject or course and then click search. It is simple! All the information you need to navigate a successful Summer 2021 term can also be found on our website: www.sdmiramar.edu.

Online Learning Pathways

SUMMER 2021

CLASSES START

June 7

Online classes are a popular choice for today's busy college students who want to take high-quality courses in a convenient and flexible format. As an online student, you may interact with your instructor and classmates in online discussions, live chats, class messages, and collaborative learning activities. Experienced faculty from City, Mesa, and Miramar colleges will guide you every step of the way.

Here is what some students are saying about online classes at the San Diego Community College District:

"The best part of online learning is that it fits my learning style."

"The group interaction and learning experiences I received are a benefit. The format of online learning provides a comfortable atmosphere that encourages you to learn more."

"I work full-time so it works around my schedule."

For more advice from online students, go to:

Online Class Restrictions

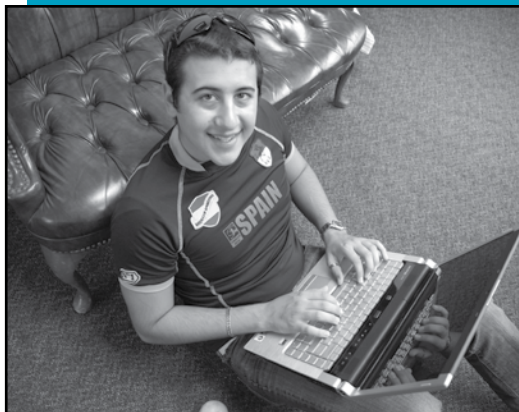

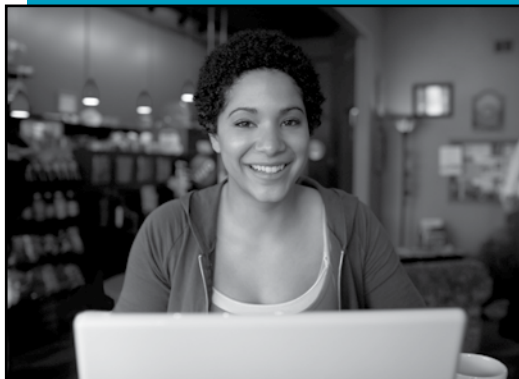

In accordance with federal regulations, City, Mesa, and Miramar colleges may not permit students residing outside of California to enroll in online classes **without approval** of the state where the student resides.

Go to <http://sdccd.edu/docs/SSDept/SSDocs/OnlineStatesNotPermitted.pdf>

for an up-to-date list of restricted states and territories. Students residing in a non-approved state/territory are **not permitted** to enroll in online classes and will be dropped.

Please check www.sdccdonline.net for the latest information about online classes and support services for online students. We hope to "see" you online!

Student Success

Humberto Perez

Humberto Perez, 29, completed San Diego College of Continuing Education's Auto Body and Paint Technician program in 2010. Last year he returned to Sdcce to study Automotive Upholstery and earn two more certificates.

"In the real world, a job advertisement is only looking for a Mechanic or a Body Painter, so as a certified Technician I am experienced in many areas and I can ask for better pay." Following Sdcce, Humberto will transition to San Diego Miramar College to continue his education and will begin creating his own auto shop; building vehicles and doing custom work.

Student Success

Lavette Arciga

Lavette Arciga worked in the food service industry for eight years but found it difficult to advance without a high school diploma. While enrolled in San Diego College of Continuing Education's (SDCCE's) free Accelerated High School Program completion classes, Lavette was selected as a San Diego Promise student. She earned her diploma at Sdcce and transitioned to San Diego City College.

Pathways to Success

Young adults ages 18-24 who did not finish school, and who are not currently working, can connect with the San Diego Gateway to College and Career for help deciding on a career, next steps, and to find the help they need to succeed. As a first class, students participate in a Career and College Readiness course that assists students with learning more about themselves and their working styles, all while building skills needed to do well in classes, college and life.
